## CLINICAL ALERT

### Emerging Infectious Disease

## Attend a COVID-19 Vaccine Webinar

January 22, 2021

Join our Chief Medical Officer, Dr. Ed Racht and our Associate Chief Medical Officer, Dr. Jeff Beeson, for a detailed look at the current COVID-19 vaccine – where we are today, what we've learned and what's next. There is light at the end of this nasty tunnel! This webinar is open to everyone in GMR.

What they'll cover:

- Update on the current COVID-19 Vaccination status and what it means for GMR and EMS agencies across the country.
- The nitty-gritty details and questions everyone has.
- Latest clinical information about the COVID-19 vaccinations as well as national experience with the vaccine thus far.

Choose from one of three dates. **No registration is required, these are live events, just click the link below on the day of the event.**
